Children at Bagnan home started a day with lot of smiles

On 16 June 2024, The Takiyans brought joy and warmth to the hearts of 86 rescued children at the Itinda Community Development Society in Nuntia, near Bagnan, Howrah District, through their heartwarming initiative, Anandabhoj.

Anandabhoj, translating to "feast of joy," was a day filled with love, laughter, and delicious food. The children enjoyed a wholesome meal consisting of fruit juice, steamed rice, dal, fries, chicken curry, beverages, and sweets, making it a memorable day for everyone involved.

The event was more than just a meal. While the cooking was underway, the volunteers organized various games and activities for the children, ensuring they had a fun-filled day. The air was filled with laughter and excitement as the children participated in these games, creating beautiful memories.

The Takiyans extend their heartfelt thanks to all the volunteers and supporters who made Anandabhoj a success. Your contributions have helped create a day of happiness and joy for these wonderful children.

Stay tuned for more initiatives as we continue to spread smiles and make a difference!
