**When an idea exclusively occupies the mind, it is transformed into an actual physical or mental state. ~Swami Vivekananda**

## **Introducing The Takiyans**

**A dynamic organization founded on a crisp September morning in 2015 by former Taki Boys and Taki Girls during a conference call. United by a shared commitment to societal welfare, they envisioned an organization where members would be exclusively ex-students of their alma mater. This vision materialized on Teachers' Day, 2015, as they passionately presented their plan to the teachers, receiving overwhelming support and enthusiasm.**

**In a departure from traditional alumni associations, The Takiyans embarked on a mission to uplift the marginalized sections of society across various domains. Their dedication and impact led to official recognition, becoming a government-registered organization in 2018 under the Society Registration Act of the Government of West Bengal.**

**True to their roots, the name "The Takiyans" resonates with the spirit of Taki School, symbolizing a collective force committed to making a positive difference. Join us in celebrating their journey of compassion, community, and meaningful change.**

# The Takiyans Pioneering Social Change!

## Our Mission

**Join us in our mission to empower young minds with rationality, camaraderie, and independent critical thinking.**

**We're committed to societal responsibility, extending sustainable healthcare to marginalized communities, and embracing a comprehensive approach to enhance the lives of the aged, impoverished, differently-abled, and marginalized individuals, including children.**

**Together, let's create an inclusive social environment for a brighter, equitable future. #TakiyansForChange**

# The Takiyans Vision for a Better Tomorrow

## Visionary Impact

At The Takiyans, our vision transcends conventional boundaries, aiming to usher in a positive transformation that reverberates through the very fabric of society. Central to this vision is the unwavering commitment to instil values, rationality, and constructive independent thinking in the young minds of today – the architects of tomorrow.

We firmly believe that placing nutrition at the forefront of societal upliftment is paramount. In our vision, the well-being of the marginalized takes centre stage, and we strive to make a tangible difference by ensuring that no one is left hungry. Our commitment to nourishing the underprivileged extends beyond mere sustenance; it is a cornerstone in our broader mission of social betterment.

A distinguishing aspect of The Takiyans lies in the power of voluntary participation. Envisioning a society where positive change is a collective effort, our members actively engage in initiatives that transcend self-interest. Through voluntary contributions, we catalyse the transformative impact we aspire to achieve, fostering a culture of empathy, community, and shared responsibility.

Together, we pave the way for a future where values, rationality, and compassion converge to create a society that thrives on positive change. The Takiyans: Shaping Minds, Nourishing Lives, and Making a Difference.

**Beyond the welfare of others, there is no other righteous work and religion.**

**~ Ishwar Chandra Vidyasagar**

## **Area of Intervention**

**Observing of gradual diminish of joy of learning and free thinking, poor health due to financial constraint, not serving essential encouragement for human brain development, we came up with an idea of arranging following activities for a better tomorrow.**

- **Serving underprivileged through health camps and nutrition**
- **Encouraging independent thinking**
- **Encouraging natural growth of knowledge**
- **Raising funds for needy students, alumni etc.**
- **Organising rich cultural social programmes**

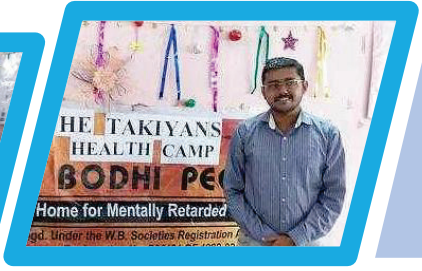

# Projects Undertaken

## The Takiyans Anandabhoj

The Takiyans Anandabhoj is a social welfare programme that has gained momentum in the recent years. Through Anandabhoj, we have been able to reach out to orphanages, rehabs, charitable old-age homes, and homes for differently abled people in many villages and remote areas of West Bengal. The programme basically aims at interacting with really needy and forlorn part of the society, providing them with tasty and nutritious food, spending some quality time with them, and meeting some of their needs. This programme is not just about donating some money for the purpose, the members of The Takiyans actually spend their time and energy to procure quality raw materials, supervise the whole cooking process and take part in serving the food themselves with smile. The members engage also in other joyful activities with the under-privileged, trying to find out more about their specific immediate needs and providing them as much as possible within the available resources.

## The Takiyans Health Camp

The Takiyans are making a significant impact on community health through their thoughtfully organized Health Camps. These camps, executed with the collaboration of skilled professionals across various medical fields, are tailored to address the specific needs of underprivileged groups.

Dedicated to fostering lasting health improvements, The Takiyans ensure that their health camps go beyond mere check-ups. By assembling a team of diverse specialists, they provide comprehensive care, covering everything from general health screenings to specialized consultations.

What sets The Takiyans apart is their commitment to follow-up care. Recognizing the challenges faced by underprivileged individuals in accessing ongoing medical support, these health camps establish a continuum of care. Participants aren't just recipients of a one-time service; they become part of a sustained health initiative.

The impact of these health camps goes beyond immediate medical attention. The follow-up system ensures that individuals receive ongoing support, monitoring, and guidance, promoting long-term well-being. The Takiyans believe in empowering communities through health education and continuous care, enabling them to take charge of their own health journeys.

## The Takiyans Anandadan

During The Takiyans Anandabhoj and The Takiyans Health Camp the members engaged into those programmes are trying to find out the immediate needs of the in-mates of the visiting homes and provide as much as possible within the available resources. Be it stationeries for education of children, adult diapers, sanitary napkins, utensils, clothings, medicines, footballs, and other play materials or whatever else.

Apart from these The Takiyans often try to fulfil such needs on request from other sources.

## The Takiyans Quiz

The Takiyans Quiz is a unique event involving high school students. An event which invites students to think beyond syllabus yet understand the core concepts of history, geography, science, general knowledge and culture. At The Takiyans we believe in inculcating a legacy of creative thinking and remaining up-to-date about different facets of human civilization. It is less competitive more inclusive. The Takiyans Quiz created immense buzz amongst students. It tried to open few new horizons in front of the talented teen agers. Sixteen bright students from eight schools had participated in the event. The future of intelligent quizzing is here.

# The Takiyans Quiz Camp

UPCOMING  
PROJECT

**It is a Quiz Workshop – The Quest for Excellence**

Quizzing serves as a dynamic tool in the learning process, guiding students to confront and understand the unknown. By promoting active learning, providing feedback, and identifying areas for improvement, quizzes contribute significantly to the acquisition of knowledge and the development of critical thinking skills.

Considering all these valuable aspects of learning and with the aim of a holistic development of the student community, The Takiyans have taken up the initiative of conducting Quiz Workshops in Schools.

The Takiyans Quiz Camps offer a multifaceted approach to student development – addressing both academic and non-academic aspects. These would create a dynamic learning environment that encourages active participation, critical thinking, and the acquisition of skills essential for success in academia and beyond.

## Other Activities

The Takiyans engage in diverse activities, including The Takiyans Sanglap, a vibrant cultural program fostering talent among members' children and former students of Taki Boys and Taki Girls schools. This inclusive platform extends opportunities to underprivileged individuals. Additionally, The Takiyans actively participate in events like The Takiyans Anandabhoj and Health Camp, interacting with residents of associated homes, encouraging cultural involvement, and showcasing their talents to a wider audience. Furthermore, Takiyans exemplify solidarity by fundraising for alumni facing emergency medical issues and offering pro bono consultations through member doctors and advocates to their childhood teachers.

## We Solicit

With your active support and participation, we aim to reach numerous schools, orphanage etc so that we may cater them our various services. We request your help in arranging such programmes in terms of accommodation or funds or medicines or as the case may arise. We are very hopeful that you or your organisation will wholeheartedly join hands with us to fulfil this dream so that our next generation may get second chance of living in a better world.

## Why Work With Us

- **Trustworthiness:** Working with The Takiyans is a testament to our commitment to trust, as the organization undergoes an annual audit, ensuring transparency and reliability in all endeavours.
- **Ethical Transactions:** Our association, The Takiyans reflects our dedication to clean and ethical transactions, where we conduct ourselves with integrity, upholding the highest standards of honesty and fairness.
- **Accountability:** At The Takiyans, we embrace responsibility for our actions, understanding the profound impact they have on the community. This accountability underscores our commitment to making a positive difference.
- **Collaborative Platform:** The Takiyans provides a unique platform for collaboration, fostering an environment where like-minded individuals unite to work towards the upliftment of the underprivileged. Together, we aim to be catalysts for positive change in society.
- **Social Impact:** Through The Takiyans, we contribute to transformative reforms in education and healthcare systems, leveraging our collective efforts for the betterment of society. This collaborative approach empowers us to be agents of positive societal change.
